

# Penticton Joins Kelowna In Urging "Immediate" Survey Of East Side Road

PENTICTON—Immediate survey of the east-side road to Kelowna will be requested by the Penticton Board of Trade which joined forces with the Kelowna Board of Trade in resuming the long campaign for opening up of a road to Kelowna on the east side of Okanagan Lake.

This was a decision at the first monthly meeting of the Penticton board for the fall session held last week with O. L. Jones, MP for Yale as guest speaker.

Hope of a bridge across the narrow at Kelowna to eliminate the ferry bottleneck has been virtually abandoned. No official announcement of the government's survey has been received and this is taken to mean that the bridge project is altogether too costly, the meeting decided.

Last night at Oliver, where the Associated Boards of Trade of the Southern Interior gathered in quarterly meeting, lone Penticton Board of Trade delegate, President Art Schell made an attempt to gain endorsement of the Penticton-Kelowna request for an "immediate" survey of the east-side road from Naramata to Okanagan Mission.

In the face of west-side opposition as voiced by Reeve C. E. Bentley with some assistance from J. C. Clarke of Keremeos who thought the continuation of the west side road would be more feasible, the request was laid on the table until some more definite commitment is sought.

Associated Boards President William Pearson of Oliver suggested that unless complete unanimity of opinion was obtained a divided voice from that body would weaken its position. His thought that the idea should be laid on the table until Penticton and Kelowna have gone farther in their campaign brought immediate acceptance from the Penticton prexy who was outnumbered by a considerable margin.

He warned that start on construction could not be expected for perhaps three to five years but, he said, "the road is a necessity and we should continue to press for it."

O. L. Jones, MP for Yale, when asked if the bridge is feasible replied: "I understand not—it would cost more than \$14 million."

"And more than that," interjected G. Y. L. Crossley, field representative of the regional development division of the department of trade and industry.

"No proper survey has ever been made," Major Wilson repeatedly asserted. "It was a most fantastic and unjust survey. There was no trouble getting the survey for the bridge. It was made quickly and at considerable expense. We now know by the silence that the cost of a bridge is prohibitive."

**Two Possible Routes**

He suggested two possible routes. One following the old route used by fur traders in 1870 and the other the old Kelowna trail which would carry the route alongside a two-and-a-half mile canyon at Squally Point, which Major Wilson claimed is "something of a scenic wonder."

The old fur trail would be the least costly, but would be a high level route with the problems of grades and snow. The lower route with some of the finest shoreline in the valley would open up an area suitable for residential and summer camp development, the speaker intimated.

The area through which the road would pass is forest reserve land and it is hoped that it would eventually become a provincial park, Mr. Crossley disclosed.

That the communities on the west side of the lake are opposed to the east side road was recognized in general discussion.

General opinion of the meeting was that there will be such an increase in the volume of traffic in the next few years that an alternative route to Kelowna would be eventually welcomed by the west side communities.

"The road must go through," Major Wilson said, at one point, "the valley should present a united front."

## Award Flood Control Tender To Dominion

Premier W. A. C. Bennett announced in a telegram to the Kelowna Courier on Monday morning that Dominion Construction Co. Ltd. has been awarded the contract at nearly one million dollars for the first phase of the Okanagan Flood Control project.

The actual amount of the award was \$977,983.09.

This contract calls for the construction of a new dam at Okanagan Lake where it empties into Okanagan River, the straightening of the river channel between Okanagan and Skaha lakes and the construction of a new control dam at Okanagan Falls.

Works Minister P. A. Gagliardi obtained ratification of this contract when he visited Ottawa last week.

## J. S. Chapman, Mazama Cattle King, Passes Away at Age of Eighty-Three

John Spencer Chapman, aged 83, a pioneer of the Summerland district and at one time, one of the largest landowners in this part of the country, with headquarters at Mazama, passed away in Summerland on Saturday, September 20.

Largely-attended funeral services were conducted by Rev. Canon F. V. Harrison from St. Stephen's Anglican church on Monday, September 22, with interment in the Anglican cemetery on Giant's Head Road.

The late Mr. Chapman was born in 1869 in London, England, obtained an LL.B. degree from the University of London and practiced law in London until 1900. It was in 1903 that he married Florence Mary Tombs.

In the years immediately preceding the first world war, Mr. Chapman and his family moved to Canada and resided in several sections, finally settling in Penticton during 1912-13. They then moved to Mazama where he and his family engaged in cattle ranching until his retirement four years ago. Since then he had resided in Summerland.

Always a gracious host, the late Mr. Chapman's Mazama home was "open house" to hundreds who knew the family in this district, especially in the more pioneer days. His library was a constant source of enjoyment to the scholarly-man-turned-rancher.

He took great delight in recounting that one of his first "jobs" in the "wild and woolly" west was relieving a newspaper editor and publisher in a small cattle town near Wenatchee where the editor's main equipment consisted of a couple of six-shooters, placed in a convenient position on the wall.

The editor had been unable to find anybody who could write as well as read for some time and was badly in need of a holiday when Mr. Chapman, fresh from his London law practice, paid a visit.

Besides his wife he is survived by three sons, Harry of Union Bay, Vancouver Island, Rev and Don in Summerland, eight grandchildren and two nephews, Robert Chapman of Courtenay, V.I., and Col. F. Spencer Chapman, author and explorer who resides in England. An only daughter predeceased him nine years ago.

Funeral services consisted of J. B. Donnelly of Penticton, W. J. Beattie, E. E. Campbell, D. C. Thompson, H. Tomlin, and T. B. Young, Rose-lawn Funeral Home was in charge.

## Two Blocks On Granville Proceeding

"I think they're doing an excellent job," Reeve C. E. Bentley remarked when queried on Tuesday by fellow councillors how the contracting firm of Olsson, Pollock and Taylor is progressing with the new municipal office.

Practically all the concrete has been poured, including that for the big vault structure which extends from the basement floor up through the ground floor.

Actually there are two vaults, one at each level, in this big concrete column, while another can be utilized in a large space under the stairway.

Setting in place of the heavy beams for the main roof portion was commenced today and is one of the most ticklish undertakings of the entire construction.

The contracting firm believes it can complete its job before the Christmas season.

Next door, on the east, concrete is being poured for the foundations of the big Super-Valu store which measures 40 by 100. A full-size basement is also being installed in this large business block.

It is hoped by Mr. L. W. Rumball and his son, Leslie Rumball, who will manage the new Super-Valu store that the opening can take place sometime between the first and mid-December.

## Certify 30 Plants Under TLC Union

Certification of thirty packing plants has been upheld by the labor relations board on the basis that the number of employees who are members of the Federation of Fruit and Vegetable Workers' Unions (TLC) in those thirty plants constitute a unit appropriate for collective bargaining.

This is the statement of Bryan Cooney, director of organization for the FFVWU, on hearing the results of the LRB ruling after an appeal had been lodged by the opposing United Packinghouse Workers of America (CCL) group.

## High School Vocational Class Wins First Prize for Fruit

Entering the Interior Provincial Exhibition competition for the first time last week, Summerland High School's agricultural class captured first prize in the vocational agricultural special competition for most points in four fruit displays of apples, pears, prunes and plums.

In other entries, Summerland competitors captured the amazing total of 41 firsts, 23 seconds, 11 thirds and 2 fourth places.

Besides the female competitors in fancywork and fine arts, Wilham Ward and his son Bill, William May, E. C. Bingham and Mrs. Lorraine Gillard and Miss Frances Atkinson, took the prizes in the fruit and vegetable sections, while Capt. A. M. Temple was a prize winner in the light horse show.

In the combined class for vocational agriculture classes in high schools, Summerland placed fourth with a total of 75 points, Penticton winning first with 84 points.

This display consisted of apples, pears, prunes, plums, grapes, potatoes, corn, carrots, onions and tomatoes.

In the strictly fruit class, Summerland's entry was placed first, those preparing the prize-winning entry being Jim Peter, David Dounmont and Bruce Younghusband.

Mr. E. E. Bates is in charge of the agricultural class here, and he was assisted in entering the displays by Alec Watt, district agriculturist and W. F. Ward and W. May. The district school board allotted \$15 dollars to cover travelling expenses to the Armstrong Fair.

## Billy Ward Wins Again

Billy Ward, son of W. F. Ward, again captured the J. R. J. Stirling memorial trophy for juniors' best collection of three plates of tree fruits. Entries must be sons or daughters of growers. Bruce Bingham, son of Mr. and Mrs. E. C. Bingham, was fourth in this class.

Fred Segerston of Oryama was awarded the Bucklefield silver tray for the best collection of three plates of tree fruits. This is known as the Better Fruit trophy. Jim Perrie of Penticton was second, Frank Paul of Kelowna third and W. F. Ward of Summerland fourth.

In light horses competition, A. M. Temple was second in the bridge path, hack mare or gelding, 15.2 and over. In the hunter trials A. M. Temple was third and in the open jumping he placed second. He was also a member of the Penticton tent pegging team which took second money.

Following are the prizes won by local persons in the vegetables, seed, fruit and floral sections of the fair:

Vegetables: William May, only local entry, won following places:

Continued on page 8

## Invited Here

Hon. P. A. Gagliardi

Minister of public works in the new Social Credit government, has been requested by the Social Credit group in Summerland to come to Summerland and address a public meeting on the road situation here.

Harry Hackmann, secretary of the Sooreds here, informed The Review yesterday that Lloyd Miller, Soored president, has written the minister suggesting that he come here and give the public some assurance as to the route to be taken by the modernized Highway No. 97 passing through the municipality.

The Summerland Board of Trade, as noted in last week's issue, has already written the minister describing the need for early announcement as to survey results, and decision of the department in this regard.

"Many persons are holding off building new homes until they are sure they won't be on the highway," Mr. Hackmann pointed out to The Review.

## CNIB Tag Day is Set for October 4

Summerland branch, Canadian National Institute for the Blind, has been granted permission to hold a tag day on Saturday, Oct. 4.

Also received by municipal council this week was a request for funds from the Canadian Federation of the Blind, and another letter from the Western Canadian director for the CNIB pointing out that there is a duplicity of requests to aid the blind right now.

Both the latter letters were ordered filed by the council.

## Daylight Saving Ends at Weekend

Next Saturday, at midnight, daylight saving time will come to an end.

At that time, clocks can be turned back an hour to resume standard time and that hour which everybody "lost" last April can be regained.

Officially, the changeover time is 2 a.m. Sunday, September 28. Those who go to bed before that time should set their watches back Saturday night so that they will be in tune with the world on Sunday.

## Credit Union Awarded Cup

Summerland and District Credit Union is the proud possessor of the Southern Interior Credit Union Chapter's silver cup for 1951, which was presented at the last chapter meeting held this month.

This cup is emblematic of the greatest increase in membership and assets shown by a credit union in the southern interior chapter area, which comprises five CUs, Summerland, Penticton, Oliver, Osoyoos and Keremeos.

This trophy is on display in the local Credit Union window on Granville street.

Thursday, October 16, has been designated as Credit Union Day across the nation and the local union plans a special meeting to celebrate the occasion.

**FIRE HALL TO GET NEW WATER CONNECTION**

A two-inch water connection so that the fire truck can be filled without bothering with hydrants will be installed as soon as possible to the fire hall at a cost of about \$125, council agreed on Tuesday.

## Smaller Sizes, Heavy Drop Cause Sharp Decrease in McIntosh Apple Harvest

Although latest figures on revision of the Okanagan apple crop have been provided by the agriculture department, those estimates will likely be revised downward because of the smaller sizes in McIntosh and the heavy drop which occurred.

This was the opinion of several prominent apple industry men here expressed to The Review this morning. One shipper declared his estimate would be down 20 percent, at least, on McIntosh.

At presstime about 90 percent of the McIntosh crop had been harvested and the picking crisis to offset the heavy fall of Macs is over. No more difficulty in harvesting the apple crop is expected.

This weekend should see the balance of the Macs under cover and the next crop will be Jonathans and d'Anjou pears.

There are still quite a lot of prunes and some peaches arriving at the packinghouses.

In practically every case the canners have increased their commitments on peaches in order to relieve the situation caused by a huge crop and the lateness of its maturity.

What will happen to the rest of the prune crop is still uncertain as it is rapidly approaching the season of the year when the markets will not be receptive to such arrivals.

Quality of part of the prune crop left a lot to be desired this year, as well.

## Decision on Standards is Given Hoist

As no complete financial position will be provided until the end of this month, decision on extension of electric light standards on Granville street will not be made until the first council session in October, it was decided at Tuesday's meeting.

To complete the entire block, the standards would cost \$1050 with installation costs of about the same amount, it is estimated.

Costs for a portion of the block run from \$190 for a single standard, plus installation, to \$147 each for five or more standards.

Councillor F. E. Atkinson believed there are sufficient funds in the electric light department for this work but wished to wait until the full department position is provided in the financial statement for the first nine months of the year.

## Lower Town Considered

At that time he could also report on findings regarding better lighting service for the business district in lower town.

Municipal Clerk Gordon Smith reported that only three replies had been received from Hastings street property owners regarding cost of switching electrical service from the front to the rear of the buildings. Council has tentatively proposed paying half the cost but wishes to get all the figures before a definite decision is made.

## THIRSK DAM EMPTIED: DRIFTWOOD TO BE REMOVED

Thirsk dam was emptied for the winter on September 19, and it was noted that some driftwood would have to be removed, Water Foreman E. Kercher reported to council this week. Irrigation was shut down on Sept. 15, as usual.

## Revised 1952 Apple and Pear Estimates for British Columbia

Revised figures issued this week by the department of agriculture show the B.C. apple crop at a new figure of 7,103,785 boxes, an increase of 2 million boxes over the 1951 crop, which was 5,100,373 boxes. Pears, on the other hand, are down from the big tonnage of 1951, being 575,850 boxes this year against 742,558 boxes.

In the Okanagan alone, the increase is one and three quarter million boxes of apples, with McIntosh showing the way with more than a million box increase. Every variety of apple grown in the Okanagan is up over 1951.

REVISED 1952 PEAR AND APPLE ESTIMATES FOR B.C.

## Can of Food Admission for Kids' Matinee

International Kid's Day falls on this Saturday, Sept. 27, and the Kiwanis Club of Summerland is making big preparations not only to give local "Kids" a treat but to help those unfortunate youngsters in Europe who are so much in need.

Following along lines laid down last year, a Kid's Day matinee is being staged at the Rialto theatre through the co-operation of Manager Matthew Harrison.

Admission for this matinee will be a can of food, of practically any description. Each youngster is to leave a can of soup, vegetables, fruit or dehydrated food at the Rialto door and gain access to the matinee.

Adults who wish to help along this worthy cause may also leave a can at the theatre that afternoon, but the matinee is strictly for the youngsters, and is a splendid comedy, "The Law and the Lady," featuring Green Garson, Michael Wilding and Marjorie Main.

These cans of food will be collected by the Kiwanis club and will be despatched to CARE for final distribution to the needy youngsters of Europe.

Thus the Kiwanis club is serving a two-fold purpose—providing a treat for local youngsters and assisting those badly in need of food in war-torn Europe.

## Bridge Work at Penticton Is Now Underway

PENTICTON—Preliminary work on the construction of a new bridge over Okanagan river at Fairview road commenced last Friday when a bulldozer commenced excavation.

This is one of three bridges which will span the new river channel to be cut as part of the flood control program.

The spans, each 180 feet long with a 24-foot traffic lane, are being constructed by G. W. Ledingham and Company at a cost of \$150,413. This figure also includes a fourth bridge across Penticton Creek at Front street in Penticton.

Loop roads around the excavation at Skaha Lake and Fairview road will be built in order to permit passage of traffic. No loop road will be necessary at Eckhardt avenue as this is a brand new bridge and will replace the existing one at the dam at Okanagan Lake.

Editorial

Let's Keep Our Feet on the Ground

The merry-go-round of the Kelowna-Naramata, east-side road has started again, after a period of tranquility resulting from the government's move towards providing a modern highway from Penticton north to Penticton as the final step in a complete modernization of Highway No. 97 through this valley.

Now, Penticton and Kelowna Boards of Trade have joined forces to urge on the government an immediate survey of a duplicating road between Penticton and Kelowna.

Penticton and Kelowna have taken this joint action at a time when there are not sufficient road survey gangs to map out the portions of our highways already allocated for modernization. They have decided to harangue the public works department for such a survey at a time when half a million dollars is being spent on the modernization of the main existing highway north from Penticton to Trout Creek.

No wonder that governments wonder, sometimes, just how unreasonable the public and its organizations can become.

As this newspaper has pointed out time and again, and will continue to stress, this province has only a small and scattered population. It can only afford certain main routes for its highway system as the public purse is being strained to the utmost as it is. Certainly, there is no room in our economy for a second main highway when one good thoroughfare will handle all the traffic which will be poured over it for years to come.

Also, we do not accept with the same alacrity as shown by the Penticton Board of Trade, statements by persons not in a position to know all the facts, that a bridge across Okanagan Lake has been

declared not feasible. It has always been known as a project of such immensity that ordinary means would not suffice to finance its construction.

At the same time, it certainly would be feasible, from a financial standpoint, if a properly-constituted bridge authority was set up in this province, as recommended by the former minister of public works and given support by the present premier, Hon. W. A. C. Bennett.

The department of public works was seriously considering such a bridge authority until the Liberal administration took over from the Coalition and removed the tolls from Pafullo bridge at a time when a nest egg for the payment of interest on a huge loan for the start of such a proposed bridge authority was in the making.

That bit of political skulduggery was just one of the reasons why the Liberal government met such a decisive defeat at the recent election.

Again we emphasize that the Kelowna-Naramata road will never be a solution to the Okanagan traffic problems. Such a road will not eliminate the ferry service, as it must be maintained for the benefit of those who use the west-side road. Thus an east-side road is purely a duplication of existing facilities which is not warranted for years to come.

Penticton and Kelowna would be far better advised to assist in pressing for completion of the existing highway up to modern specifications. They would be on firmer ground, they would be dealing fairly with a department of government which has done a remarkably fine job under difficult conditions. They would be assisting this department which can continue to be of service to the people of British Columbia only if it is not hampered by the dreams of persons who refuse to keep their feet on the ground.

Signifying Nothing

By RUSTICUS

It always brings a sour smile to my never-sweet face to see those magazine headlines: "Are Your Loved Ones Safe for Eternity?"

For instead of a serious discussion on immortality, with some pointers as to what destination one's loved ones may have reached, those headlines are usually merely the beginning of an advertisement for So-and-so's Everlasting Copper-lined Coffins of Stainless Steel.

And entirely aside from the religious aspect of this, it wounds my vanity to think that when I kick the bucket, my survivors may be more worried about the proper rapings for the body I leave behind than the fate of the personality which I thought was so sparkling.

Me, I agree entirely with the minister who tried to console a widow by explaining: "It's only the shell that's left behind; the nut has gone to heaven." What I leave behind isn't going to be me; it's just the husk or outer covering.

Why should that be housed in an expensive casket, and ceremoniously planted, with maybe an ornamental stone to hold it down—and no ornamental stone is cheap? My family is likely to be left quite poor at the rate I spend; why should they have to put out hundreds of dollars on stuff of this kind, and clutter up good potential orchard soil to boot, for a piece of useless dead meat? (Don't be offended; it's my meat, isn't it?)

Is it because the undertakers have to make a living? I suppose they do, but I've never had a great deal of sympathy for them since reading how, during World War I, the undertakers of America instigated the big movement to bring the bodies of all American soldiers killed overseas home for burial. The slogan "Don't Leave Our Boys in Foreign Soil" doesn't sound so good when you translate it into: "We can't make any money out of them: there." (Not much less ghoulish was the attitude of the French winegrowers, who fought this movement because the presence of American dead on French soil would bring many more tourists to France!)

I like to think of ME—whatever one's ME is—as being entirely separated from the physical body by death, and freed to do things I could never do before. Imagine being able to wander over these Okanagan hills with never a shortage of breath or a weary muscle, to approach and watch wild creatures with never a cracking twig to betray my presence. Imagine being able to wander among beautiful flowers without ever having to guard one's step, to see the apples coloring in the fall without a worry about picking or prices, to get up and leave a boring meeting without anybody's noticing, to "sit down for an aeon or two" in my favorite armchair without interfering with anybody else at all.

And the body? I'd like it to be left out in the hills like the cast-off skin of a snake or, cremated, to be scattered over them in ashes. But I'd hate to think of much money being spent on cremation or burial; if the latter must be, let my body be stuck in the ground simply and unconfined, that it may mingle with the soil, and a grapevine be planted over it to reap some benefit from its decay.

To me there is nothing indecent or irreligious about such a disposal. For it would be just my worn-out, discarded body there under the grapevine; not ME. I'd be up there watching the grapevine grow, looking forward to when I could eat the grapes and enjoy their flavor without any more earthly worries about indigestion.

PIONEER DAYS

THIRTY YEARS AGO  
September 29, 1922

Work on the erection of the new station building on the recently-completed Canadian Pacific wharf is expected to commence at any time.

Butler and Walden Brothers are moving their stock of furniture and footware from the Kelley Block to their main store. By rearrangement in the latter building, wall and floor space have been provided for the additional stock.

For duty under the dumping regulations of the federal government, values of apples have been fixed as follows: Extra fancy, medium to large, per box, \$1; extra fancy, small and fancy, med. to large, \$1.35; fancy, small and C grade, \$1.10; jumble pack, unwrapped, 225 and smaller, \$1; combination extra fancy and fancy, \$1.45; combination fancy and C grade, \$1.20.

On Wednesday, Sept. 20, at the Summerland hospital, a daughter was born to Mr. and Mrs. Stanley Turner, Paradise Flat.

Lee McLaughlin has been spending a vacation at the headwaters of Trout Creek.

Mrs. J. Singer from Virdon, Man., is visiting her brother, C. E. Pinoe and her sister, Mrs. G. L. Young and will remain here for about a month.

A young lady discovered an old-fashioned cuff stud on the lake shore. She scraped it up in the sand under the water, and on it was inscribed the date, 1905. It is thought to have been a prize given at the sports held on May 24 that year.

Council awarded R. J. Carefoot the contract for excavating and backfilling the trench for the winter pipeline at Garnet Valley dam, his quotation being \$21.50.

Electric light connections have been granted by municipal council to Messrs. Mitchell and Plant, Misses Campbell, C. J. Amm and F. A. Ford, and domestic water connection for Mr. Jenkinson at his Wilson property.

TWENTY-FIVE YEARS AGO  
September 30, 1927

Nearly everybody threw over all attempts at work when the whirr of an airplane was heard on its way to Summerland. The plane came down for Mr. Muir Stewart who took a flight to Kelowna with the pilot.

Summerland is to receive a donation of peony roots from the Prince of Wales to be set out in remembrance of his visit to Canada this year. They will be planted at the school grounds.

A slight earthquake tremor was felt in the district and south of here on Sept. 26.

Miss Grace Sturgeon and Miss Helen Clendenen of Tonpah, Nevada, accompanied by Miss Florence Campbell, Summerland, returned last week after enjoying a delightful trip from coast to coast. They travelled 9100 miles on the trip, driving Miss Clendenen's Chevrolet.

Snow Mountain has been living up to its name since yesterday when the first snow of this fall appeared there.

St. Andrew's United church has reorganized its Young People's Society for fall and the officers are C. N. MacDonald, president; Miss Garnett, secretary-treasurer; executive, Miss M. Smith, Miss K. El-

"I put away my hard-earned money"

This young bank depositor recently wrote to his bank manager:

"I made a goal of \$1,000 for this year. It is two years since I opened the account with two dollars. I owe thanks to you that I put away my hard-earned money where it will benefit me... I do not wish to touch it for the time being."

Building up a bank account means work and sacrifice. But Canadians know the value of having savings handy in time of opportunity or need: they maintain 7½ million savings accounts in the chartered banks—almost twice as many as ten years ago. At the same time bank staffs have almost doubled. That, and higher wages, have increased bank payrolls almost three times.

More people use the banks, more people work for the banks than ever before.

## Guide News

Guides resumed meetings last week with a very good turn-out for the 1st Company and a fairly good turn-out for the 2nd Company.

It was learned with regret that Mrs. Miles, Captain of the 2nd Company will not be with us this year as she has moved to Penticton. As a result, it was decided to combine the two companies temporarily at least.

A senior patrol will be formed of Guides 14 years or in Grade 9, of which Frances Atkinson will be P.L. The remainder of the company will be divided into 5 or 6 patrols and elections will be held for P. L.'s, Jill Sanborn being company leader.

Guiders will be Mrs. K. McIntosh, Captain, and Mrs. C. McKenzie, Mrs. B. Blagborne, Mrs. S. Skippings and Miss M. Barraud. Meetings will be held Wednesdays, at 7 p.m. in the Youth Centre.

This fall promises to be a busy time for Guides. Oct. 4, a Division rally will be held at King's Park, Penticton. Later in October, Summerland will play host to all P. L.'s and C. L.'s in the South Okanagan division for a week-end P. L.'s conference.

In between we hope to have a hike so that Guides may pass 1st and 2nd class tests such as fire-making, stalking and tracking, outdoor cooking, etc.

Would any ex-Guides who have uniforms they wish to sell please contact any of the Guides.

## DR. GOODFELLOW 25 YEARS IN PRINCETON

PRINCETON—Twenty-five years of ministering to the needs of the United Church in Princeton were marked on Sunday, Sept. 14 by Rev. Dr. J. C. Goodfellow, who is also well-known for his work as secretary of the Okanagan Historical Society.

## FULL 24-HOUR WRECKER SERVICE

PHONE 5151  
Nights, 5282

Carlo S. W. Hansen  
Newly appointed manager of the Bank of Montreal's Westbank branch is Carlo S. W. Hansen, credit officer at the superintendent's department in Vancouver for the past two years. He succeeds W. John D. Walker, who will take charge of the Kaslo office.

Born and educated in Copenhagen, Denmark, Mr. Hansen entered the service of the bank in London, Eng., in 1929. During the succeeding years, he served at the Calgary main office and at various branches in Vancouver.

Mr. Hansen received his first appointment in 1946, as accountant of the B of M's Prince Rupert office. In 1950, he was transferred as credit officer to the superintendent's department in Vancouver, which post he now leaves to take over his duties at Westbank.

## High School COMMENTS

Once again we have entered the halls of learning. That means we must get down to our studies and forget about holidays. On behalf of the kids we'd like to say "welcome" to the new teachers and "hi" to all the others.

The first assembly was held on the eighth. Four amendments to the constitution were passed.

Preston Mott is the president, Merle Heavysides vice-president, Maureen Prior, secretary and Carol Raincock is the treasurer.

Nominations for the social committee were called for and elections will be held on Oct. 1.

Two representatives from each division were chosen. They attend the weekly council meetings. The first one was held on Tuesday, Sept. 9.

The people to compose the Athletic Directorship were chosen on Sept. 15. They are Pearl Hooker, Lavern Higgs and Don Woodbridge.

That's all for now—Merle and Marguerite.

## Regional Meeting Of Hospitals Here

Saturday, October 4, is the date for the next regional conference of the B.C. Hospitals Assn., which will convene at the IOOF hall in Summerland.

Delegates from Revelstoke south to Oliver and west to Princeton are expected here on that afternoon when C. J. Huddleston, chairman of the Summerland Hospital Board, will welcome them.

B.C. Hospital Insurance Service and the recent amendments to the regulations will probably occupy most of the discussion at this session.

## Better Color Mostly Medium Sizes Reported for Big McIntosh Crop

With the absence of rainy or severely hot weather the conditions for maturing and harvesting of tree fruits are excellent, comments the Horticultural News Letter issued last week by the department of agriculture from its Kelowna horticultural office.

For Summerland, Peachland, Westbank area, it is noted that for the second year in succession there has been a tendency for McIntosh to drop badly. However, the drop does not seem as heavy as it was a year ago.

"Size of the McIntosh crop is, for the most part, medium with good color showing. Quality is excellent and the apples are very free from codling moth and mildew attacks."

Harvesting of prunes was about half over last week, with many lots not yet showing sufficient sugar and finish to pick. Some Elbertas were still on the trees but these amount to only a very small fraction of the peach crop. Flemish pear crop has cleaned up. In contrast to Bartlett's, size of this crop was good. Picking of Anjous is expected towards the end of the month.

"This has been a late season for stone fruit crops, with apricots, peaches and prunes all maturing at least a week later than average. In contrast to this, McIntosh are being picked somewhat earlier than average with other apples showing more finish than usual at this time. This has caused a bunching of soft fruit and apple picking which has aggravated the labor situation," the report for the west side concludes.

## Stop-Pack Order

Penticton district reports that growers were "just getting well started" on Elberta peaches when the stop-pack order for the fresh fruit market was issued by Tree Fruits due to the lateness of the season for handling Elbertas on the fresh market.

Oliver-Osoyoos reports little insect or disease activity right now.

## Cub Calls

### 1st Summerland Pack

Thirty-three boys including four Scouts enjoyed a pleasant trip to the district rally held at Skaha Lake last Saturday. The rally was to entertain the Greenwood Pack and Troop. We had supper there which included baked beans, scalloped potatoes, ice cream, cookies and cocoa.

There were two Cub demonstrations and two Scout ones, then campfire, and much singing.

We had a good turnout Monday, but are not up to full strength yet. We cannot get on with our star work unless everyone turns out.

Next meeting, Monday, Sept. 29, 6:30 p.m. sharp. Duty Six, White Six—Akela.

## STUDENT RETURNS TO MCMASTER UNIVERSITY

Mr. "Kutch" Imayoshi, who visited for a few days over last week-end at the home of his parents, Mr. and Mrs. J. I. Imayoshi, left at the beginning of the week for McMaster University where he is a theological student.

During the summer months Mr. Imayoshi has been in charge of the Baptist church at Turtleford, Sask. a position which he held during the summer of 1951, as well.

On Sunday evening, Sept. 14, he spoke in the Baptist church here, telling of his vacation work.

Delicious harvesting commenced over the weekend, while growers report color is increasing on both Winesaps and Delicious very rapidly with the mild days and cool nights.

"It appears that from a color standpoint, 1952 should be a good year," the southern district states. "For size, it appears as though apples in the district will be a little better than in 1951, although there are some lots which are disappointing."

Reports from Northern Areas  
Kelowna also reports that "the size (of apples) is not as large as was indicated and apples are mostly medium."

Vernon says that tonnage of McIntosh may be reduced because of the heavy drop.

Salmon Arm declares that the size of McIntosh in general is going to be small. Color and quality is good apart from down grading due to hail which in some lots runs to 50 percent of the fruit.

"Many fruit trees in the Salmon Arm area are now showing considerable improvement from last season. These trees are maturing a good crop. There is still a goodly proportion of the trees showing effects from the severe winter of 1949-50. There is some likelihood that these trees will show some continued improvement if well cared for."

## How Can I Start An Investment Programme?

## By Planned Savings Through Life Insurance.

The basis of an investment plan in most cases should be life insurance. It meets in a sound and regular way the real objectives of investment—savings for the future, a retirement income and money for your family should anything happen to you. What is more, life insurance achieves these ends economically and without worry or risk. Discuss with a Mutual Life of Canada representative a life insurance investment plan for your future.

## AN OPEN LETTER From The Employees Of A. K. Elliott Department Store To Their Employer, A. K. Elliott.

### DERE KEITH:

Hi, Boss, you've been away for some time now, and you may think we've gone slightly nuts around here, but honestly we're only trying to give our many good customers some extra special bargains this week.

In fact, some of our good customers probably just won't believe the bargains we've set out for them... but you don't mind taking a licking on a few items just to please our good friends. Do you boss?

For instance, you know those **BOYS' SWEATERS**, with the round neck and long sleeves. They're 100 percent pure wool, but they've been around for a time and we decided we'd let them go for the ridiculously low price of \$1.29. Some kids who can wear size 32 are going to get a real buy.

Then, there are those **BOYS' PULLOVER SWEATERS** in assorted patterns which you marked at \$2.95. We've decided to take a licking on those at \$2.19. Don't howl, now, Keith. We're going to make five good friends at that price.

While we were looking over that stock we came across those lovely **MEN'S PULLOVERS**. We've got two mediums and one large left, and they're genuine down the line wool and not quite a yard wide. What's the difference if we offer them down from \$9.95 to \$6.69. What's money, after all, Boss, you can't take it with you.

Moving down the line with that pesky Review advertising man, we came across those **CHECK TWEED PANTS** for YOUTHS. We've got 7 pairs left in size 30 and 32 waist. We wouldn't be caught dead in them, but the young fellows look really smart. We're going to give them away at \$4.29. Ouch! They were \$8.25.

While we're in this mood, we've got some light brown **LONG PANTS** for YOUTHS who don't want the **CHECK TWEEDS**. There are 5 pairs and although we tried to sell them for 12 bucks a throw, we're going to give them away for five bucks each.

That's all for now, Keith. Hope you can enjoy the rest of your holiday after this blow. Kindest regards from all the gang at the store.

JACK  
HARRY  
BERT

P.S. — — —

HERE'S WHAT WE'RE  
WISHING ALL OF US...

## Baby Son Named At Christening

The baby son of Mr. and Mrs. J. Hack of Crows Nest, B.C., who are spending their holidays here at the home of Mr. Hack's mother, Mrs. E. Hack, was christened on Sunday, Sept. 14, in St. Stephen's church following the morning service.

Canon F. V. Harrison performed the ceremony at which the names of Ronald Charles were bestowed upon the small principal.

Godparents are Miss Jean Bryden, Mr. Jack Dunham, and Mr. John Vanderburgh, Oliver.

A luncheon party for the family and the godparents was given after the ceremony at the Hack home on Victoria road.

## WI VARIETY SALE HIGHLY SUCCESSFUL

The Variety Sale which members of the Women's Institute held last Saturday, Sept. 20, was highly successful in every way. The exhibit of fancywork was of interest, all the stalls were well patronized. Tea was served to the large number who attended.

## Review Staff Honors Wedding Principals

On Sunday evening, Sept. 21, The Review staff held a dinner at the Hotel Prince Charles in honor of Miss Jean Bryden, and Mr. Jack Dunham, a staff member, whose marriage takes place tomorrow evening in St. Stephen's church.

Later the group came up to the home of Mr. and Mrs. T. McKay where the young couple were presented with a floor lamp by Mr. J. R. Armstrong, editor of The Review, who presented the good wishes of all those present.

## School Band Needs More Instruments

Nearly 150 students have expressed their interest in joining the school band, but the main stickler right now is obtaining a sufficient number of musical instruments. Mr. J. Tamblin, new music teacher at the high school informed The Review this week.

The school board has laid aside some funds for the purchase of instruments and has also decided on a revolving fund to help the students purchase their own instruments, but still others will be needed.

Mr. Tamblin is anxious to obtain information regarding instruments which could be obtained on loan or sold for a nominal fee to pupils, so that an early start on the band can be obtained.

## TEACHING STAFF "GETS ACQUAINTED" AT TEA

A getting-acquainted tea was held on Wednesday afternoon, Sept. 17, in the home economics' room of the junior-senior high school. Members of the staff of both the high and the MacDonald schools were invited as well as school board members, and a delightful tea was served under the direction of Miss Hoath.

## VISITING HERE

Mrs. Horace Read has been enjoying a visit from her brother-in-law and sister, Mr. and Mrs. H. Lygum of Olympia, Wash., who were here last week.

Rev. and Mrs. T. A. Reed who came from Vancouver to attend their son's wedding in Penticton on Sept. 13 have been guests at the home of Mr. and Mrs. T. A. Walden and Mr. and Mrs. E. H. Bennett and saw many other friends while here. They left on Tuesday morning for the coast.

## Son of Former United Church Minister Here Married in Penticton

A wedding of interest in Summerland took place in the United church at Penticton on Saturday, Sept. 13, at 2:30 p.m. when George Aubrey Reed, son of Rev. and Mrs. T. A. Reed, former residents here, when Mr. Reed was minister of St. Andrew's church, was married to Beverly Celeste Cumming, daughter of Mr. and Mrs. James A. Cumming, Penticton.

The groom's father officiated at the charmingly-appointed ceremony when gladioli in many shades lent color and beauty to the rites.

The bride wore a dressmaker suit in soft blue, styled with raglan sleeves finished in deep cuffs. Her hat was in brown velvet and accessories in the same shade, while she carried a bouquet of white heather, pink rosebuds and stephanotis.

Attending the bride, Miss Jean Sutherland wore a two-piece knitted boucle suit in coral shade with black velvet hat with upturned brim. Her flowers were white gladioli.

Mr. Donald M. Reed was best man for his brother and Mr. Robert E. Chattey and Mr. Howard Duncan were ushers. Mr. Keith Simpson was soloist.

A reception was held afterwards in the Glengarry Room, Hotel Prince Charles, where Mr. Ian Sutherland proposed the toast to the bride.

The newlyweds are motoring to Sunny M. Guest ranch in northern Washington for their honeymoon, and will make their home in Vancouver.

Guests from Summerland included Mr. and Mrs. T. A. Walden, Mr. and Mrs. E. H. Bennett, Mr. and Mrs. J. R. Campbell, Mr. and Mrs. E. R. Butler, Mrs. Basil Steuart and Mrs. I. C. Schwass.

**FLIGHT LT. ERNEST A. GLOVER**, of Leaside, Toronto, who destroyed one MIG-15 and damaged another in one day, stands near his plane at a Fifth Air Force Base somewhere in Korea. Lt. Glover, a Royal Canadian Air Force exchange pilot with the U.S. 4th Fighter Interceptor Wing, made his "kill" by out-manoeuvring the Russian-built MIG, causing it to crash without a shot being fired. The F-86 Sabrejet pilot now has one destroyed MIG and two damaged to his credit.

## Birthday Service Opens Fall Term For Federation

The annual Birthday Service of the Women's Federation of St. Andrew's church opened the fall term of work on Thursday afternoon, Sept. 18, in St. Andrew's hall.

With the president, Mrs. T. W. Boothe in charge, the devotional period opened with the prayer hymn, Dear Lord and Father of Mankind, and Mrs. Scott and Mrs. Hemingway led in further devotions.

A brief business session heard two outstanding reports. One, by Mrs. I. Schwass, a member of the Christian Friendship committee, showed how this committee had kept in touch with the sick and shut-in with cheery cards, flowers, and visits during the summer. The other, by Mrs. W. R. Powell, supply secretary, reported sending three parcels to Korea containing food and clothing for needy babies.

An item of interest was given by the president that the Federation had received from WMS headquarters in Toronto, a book shelf of nine books, a reward gift for the best-read auxiliary.

At the conclusion of the business meeting, words of greeting were given by two ladies visiting here Mrs. T. Reed, wife of Rev. T. Reed, a former minister of St. Andrew's, and past member, was given a warm welcome and spoke briefly. Mrs. Henderson of Guelph, Ont. Mrs. Delmar Dunham's mother, brought greeting from her church society, after which she gave an interesting talk on the work of the WMS in her home church.

At its conclusion, Mrs. McCutcheon moved that the Summerland Federation send greetings to the Guelph WMS.

Hostesses were Mrs. Edgar Gould, Mrs. C. E. McCutcheon and Mrs. Janet McNab, who invited the ladies to the birthday tea.

Four tables had been decorated by Mrs. A. C. Fleming and Mrs. H. B. Mail with flowers and fruit in harmony with the four seasons. A fifth table held a large attractively-decorated birthday cake. Just before the cake was cut Lynn Bleasdale, Lynn Boothe and Barbara Fudge, members of the junior choir, presented Mrs. J. Shepherd, the honorary president, with a bouquet of gladioli and a card of good wishes for a Happy Birthday.

## Local Women Bring Home 28 Prizes

Summerland women took an enviable share of prizes at the Interior Provincial Exhibition held at Armstrong last week when Mrs. C. Orr, Mrs. George Inglis, Mrs. Florence Stark, Mrs. George Woitte, and Mrs. V. Charles of Summerland Women's Institute, Miss Frances Atkinson and Mrs. L. Gillard brought home collectively twenty-eight winning tickets.

In the thrift class Mrs. Orr's five entries won individual firsts, and her free hand water color sketch a second. The entries in the thrift group were a dress made from an old one for a seven year old girl; a coat for an eight year old child made from an old one; a pair of pants made from an old pair for a boy of six; an original article-in this case a hassock made from tin cans and covered with upholstery samples; and a hooked rag rug.

The water color was the one shown here by Mrs. Orr at the AOTS Hobby Show. Her original article was the prize winning handicraft exhibit by ladies over 70 years of age.

Mrs. Inglis was awarded six prizes, also. She collected four firsts, for tatting, crocheting in cotton, Irish crochet, and for darning on a sock. Her seconds were for a tea cloth trimmed with crochet work and a fancy apron.

Mrs. Stark's firsts added up to four, also, with her crocheted bedspread, crocheted cotton tablecover white tea cloth with crochet trim, and made up sofa cushion. She was given second prize for a knitted dress.

An applied quilt, and a kitchen work apron were considered the best in their class as entered by Mrs. George Woitte, and for table mats she rated second prize.

Mrs. Charles' ladies' cotton morning dress was another top entry and for handmade buttonholes on a man's shirt, she came second.

Some of these things were prize-winners at the PNE in Vancouver where they were part of Summerland WI's prize-winning exhibit.

Frances Atkinson, daughter of Mr. and Mrs. F. E. Atkinson, also was a prize winner, her cotton dress and embroidery, for girls 11 to 15 years of age both winning first prizes. Frances also captured first prize for her Italian prune display in the fruit and vegetable division.

Mrs. Lorraine Gillard captured two firsts and a second in the fruit display against stiff competition.

## Crews on Dam Work Praised

Councillor H. R. J. Richards praised the road foreman, Les Gould, and his crew who constructed the fill at No. 1 dam, when he reported to council on Tuesday regarding completion of this work.

In three days this project was completed, when it had originally been estimated to take a week.

Water Foreman E. Kercher's crew did the cement work at headwaters dam, while all the brush on the dams has been cut.

There is still some more clearing work to be finished after McIntosh harvesting has been completed, council was told.

Engineer D. A. MacLean of the water rights branch is expected to visit the rest of the municipal dams this fall.

## VISITING HERE

Miss Nancy Hack, RN, of Vancouver, who has been on a holiday in the Cariboo for two weeks, is a visitor at the home of her mother, Mrs. E. Hack, and will leave at the end of the week for Edmonton where she plans to spend several months.

Mr. and Mrs. Shelley Knowles of Kamloops were weekend visitors at the home of Mrs. Knowles' parents, Mr. and Mrs. H. J. Mott.

Then Mrs. Shepherd cut the cake which the girls served.

The social hour was enjoyed by forty-one ladies, and the atmosphere of enthusiastic good will was thought to betoken a successful season's work.

## Something else that "makes the man"

(and does even  
more for him!)

"Clothes make the man", says the old adage. But today more and more men are learning that they can also enhance their standing with certain people by owning life insurance.

Take employers, for instance. To them, a man's ownership of life insurance suggests that he is foresighted, thrifty, realistic. Above all, it reflects willingness to accept responsibility — an attitude that impresses every employer.

In fact, anyone who learns that a man owns life insurance regards him with added respect. They know that it represents one of the most important assets any man can have.

Yet perhaps the most important effect of owning life insurance is on the policyholder himself. It gives him a sense of achievement. For in no other way can he create such a valuable estate for so little in so short a time.

So life insurance can do more than provide financial security for your family and yourself in later years. It also influences people in ways that help win success!

## Bride-Elect Given "Out-Size Ledger"

An out-size ledger was presented to Miss Jean Bryden of the staff of the local branch of the Bank of Montreal when Mrs. C. M. Robinson and Miss Dorothy Blacklock, also of the bank staff, were co-hostesses for her at a party and shower on Thursday evening, Sept. 18, at the home of Mrs. I. H. Solly.

It was doubted if any Bank of Montreal ledger had ever proved as intriguing as this big one which was wheeled in on a tea-wagon by Nan and Janie Solly and opened to reveal many pretty packages for to-morrow evening's bride.

Games were enjoyed and dainty refreshments served.

Invited were Mrs. A. F. Bryden, Mrs. L. Wolfe, Penticton, Mrs. I. H. Solly, Mrs. N. Blacklock, Mrs. C. F. M. Guernsey, Mrs. J. Hack, a visitor from Crows Nest, Mrs. M. Wells, Mrs. G. Young, Mrs. P. Roberge, Mrs. F. Kuroda, Mrs. J. R. Armstrong, Mrs. F. Walker, Mrs. F. O'Leary, Mrs. A. W. Vanderburgh, Miss Elsie Hack, Miss Rae Armour, Miss Gweneth Atkinson, Miss Rita Woodrow, Miss Jane Zynk, Miss Mildred and Miss Phyllis Verrier, Miss Shirley McAdam, Miss Helen Kean and Miss Mildred Clark.

## VISITING HERE

Mr. Alan McKillop of Chilliwack visited last weekend at the home of Mrs. Eva Steuart.

Miss Peggy Steuart, RN, of Chilliwack is a visitor at the home of her mother, Mrs. Eva Steuart.

Mrs. E. A. Pease of Victoria is a visitor at the home of Mrs. M. E. Collas for about ten days.

Mrs. Dunrobin of Los Angeles is visiting at the home of Miss Marian Cartwright.

Mr. Monty Hall of Hope is spending a few days at the home of Mr. and Mrs. W. White.

Mrs. Mona Fraser, RN, of Shaughnessy General hospital staff is spending this week at the home of Mr. and Mrs. W. White.

Mr. Vernon Wells of Edmonton arrived on Tuesday to visit at the home of his brother and sister-in-law, Mr. and Mrs. Melvin Wells.

Miss Edna Gould, RN, of the staff of the Misericordia hospital, Edmonton, came last Friday to spend a week at the home of her parents, Mr. and Mrs. Edgar Gould.

Mr. and Mrs. James Hack and baby son of Crows Nest, B.C., are spending their holidays at the home of the former's mother, Mrs. E. Hack.

Mr. and Mrs. Eric Latta of New Westminster came on Wednesday to visit until the weekend at the home of Mr. and Mrs. Walter Wright.

Visitors this week at the home of Mrs. Dale and Miss Ruth Dale were Mr. Warren Bateman of Vancouver and Mr. and Mrs. Raymond Corner of Kelowna.

Gunnar Clifford Cooper who is training with the RCA at Picton, Ont. is visiting his sister, Miss Pauline Cooper, at the home of Mr. and Mrs. Clarence Adams.

Mrs. Henderson of Guelph, Ont., who has been visiting during the summer at the home of her son-in-law and daughter, Mr. and Mrs. D. Dunham, left last Friday morning for her home in the east.

Miss Phyllis Adams, a nurse-in-training at Vancouver General hospital, is spending her vacation at the home of her parents, Mr. and Mrs. Clarence Adams, Peach Orchard.

Mr. and Mrs. F. O. Brand of Cloverdale left on Wednesday after visiting for about a week at the home of the latter's son and daughter-in-law, Mr. and Mrs. Wesley Tavender.

Mr. and Mrs. Fred Lancaster and Laura of Bluesky, Alta. were guests of Mr. and Mrs. H. Hackmann over the weekend when they came to attend the Lancaster-Stent wedding.

Both on their way to Paul Lake for a fishing holiday and on their return, Mr. and Mrs. S. G. Kirkland of Seattle were guests at the home of Mr. and Mrs. Leo Heyworth. The Washington visitors were charmed with the Okanagan.

Mr. Donald Allison who has been at Ocean Falls during the summer vacation and who spent a few days last week at the home of his mother, Mrs. H. Allison and his grandmother, Mrs. Bancroft, has returned to Vancouver to continue his studies at UBC.

Mr. and Mrs. Derby and their baby daughter who have been visiting Mrs. Derby's parents, Mr. and Mrs. Walter Clark in Kelowna called on friends here on Tuesday. Mrs. Derby is going to Bella Bella hospital shortly to fill a vacancy as matron for a couple of months.

## Mauve and Yellow Glads Exquisite For Lancaster-Stent Nuptials

Gladioli in exquisite shades of mauve and yellow were the lovely decorations for the wedding on Saturday afternoon, Sept. 20, at 3 o'clock of Doris Verena, daughter of Mr. and Mrs. Cyril Stent, and Frederick Maxwell, son of Mr. and Mrs. Frederick Lancaster of Fairview, Alta.

The ceremony was performed by the Rev. Mr. Harris of Peachland in the presence of sixty-five guests, at St. Andrew's United church.

Guest pews were marked with white gladioli and white satin streamers.

Entering the church on the arm of her father, who gave her in marriage, the bride was in traditional white. Her beautiful wedding-gown had a white lace bodice with little stand-up collar, and long lily-point sleeves. The full skirt was of double net over heavy satin. A long white veil of embroidered rayon net fell softly to floor length and was held to her head with a lace cap. The bride carried a white Bible with white satin streamers and rosebuds.

As her sister's only attendant, Mrs. Albert Schultz of Camrose, Alta. wore a charming floor-length mauve taffeta frock with bolero and net overskirt. Her headpiece was a mauve rayon net veil with a garland of yellow daisies holding it in place. Her flowers were yellow roses.

Mr. Harry Hackman supported the groom and the ushers were Mr. Gordon Smith, Mr. Godfrey Chaburn and Mr. Gavin Paterson.

## VISITING ABROAD

Mr. and Mrs. A. W. Nisbett were visitors in Vernon last weekend.

Mr. and Mrs. T. W. Boothe motored to Spokane for a short vacation last weekend.

Mr. and Mrs. W. R. Boyd were at Sicamous last week for a short holiday fishing trip.

Mr. and Mrs. Les Gould are on a holiday trip to Alaska, motoring via the Cariboo.

Mr. and Mrs. G. G. Young were brief visitors to Mission and Vancouver last week.

Visitors to Vancouver for two days last week were Mr. and Mrs. Les Rumball, accompanied by Mr. and Mrs. J. R. Armstrong.

Mr. Carol Brawner has returned to the University of Manitoba to take his final year in civil engineering, while Mr. Ken Brawner left last Friday to enter UBC.

Mrs. A. W. Vanderburgh and Mrs. R. A. Johnston spent several days at Vancouver last week, returning home on Sunday evening.

Mrs. L. W. Rumball has returned from Edmonton where she accompanied her mother, Mrs. O. E. Mann, who will visit for some time at Athabasca and Drumheller.

Mr. and Mrs. F. W. Schumann drove to Vancouver this week to take their daughter, Miss Shirley Schumann to the coast where she will attend the Sprott-Shaw business school.

Mrs. R. A. Johnston is leaving on Friday for Vernon where she will spend a day visiting at the home of her brother-in-law and sister, Mr. and Mrs. Clem Smith, going on to join Mr. Johnston in Winnipeg.

## NEW ARRIVALS

A baby boy was born at Summerland General hospital on Saturday, Sept. 20, to Mr. and Mrs. C. Botuzzi.

At the Salmon Arm General hospital on Tuesday, Sept. 23 a baby girl, Donna Elizabeth, arrived to Mr. and Mrs. P. M. Smith of Endorby. Mrs. Smith is the former Miss Pat Blacklock.

## LOBA Grand Lodge Officer Visits Here

On Sept. 9, Mrs. Noel, right worshipful grand mistress of the Grand Lodge of B.C. paid her official visit to Hope Lodge No. 912 at Summerland when the LOBA members exemplified the Scarlet Degree for her. The evening came to a close with delicious refreshments.

Travelling with Mrs. Noel was Mrs. Beaton, another Grand Lodge officer.

In the afternoon, Mrs. Noel visited the girls of the Royal Anne Lodge who held a special meeting in her honor and also exemplified their work and drills.

## Eastern Star Visit Other Valley Chapters

On the occasion of the visit to the Okanagan of the worthy grand matron of the Grand Chapter OES, Mrs. Anne MacDonald and her party during the second week of September there were festivities in several centres.

Worthy Matron, Mrs. Florence Stark, accompanied by Grand Electa, Mrs. A. R. Dunsdon, and Mrs. R. S. Oxley, attended the dinner and evening meeting in Penticton on Wednesday, Sept. 10, and others just went down for the evening session.

On Thursday Mrs. Stark, Mrs. A. R. Dunsdon, Mrs. George Washington, Mrs. C. H. Elsey and Mrs. Jack Dunsdon travelled to Kelowna for the dinner and meeting following.

At Oliver on Friday, the banquet was reason for a trip south by Mrs. Stark, Mrs. A. R. Dunsdon, Mrs. George Washington and Mrs. George Forster, with other members driving down later.

## Insulation is Key to Space Heating Homes

One of the chief requirements for electrical space heating is proper insulation, Harvey McRoberts, of Vancouver, told a well-attended dinner meeting of the Summerland Board of Trade at the IOOF hall on Thursday, Sept. 11.

Approximately 40 persons, including a number of guests, heard the coast visitor and viewed slides depicting types of space heating which can be installed and the types of houses at the coast which have had successful installations.

"Electrical heating will be to the last half of this century what electric light was to the first half," Mr. McRoberts opined.

His pictures showed many types of installations, including the stainless steel tubes, under windows and along the walls, in baseboards, fan types with patent safety grid, and the glass panel type.

Answering questions, he declared that installations in the ceiling or floor or a combination of the two had proved quite satisfactory. For such installations a plastic-covered resistance wire is used and covered with plaster on the ceiling.

He also declared that, on the average, electricity at one cent per kilowatt hour, should run about 10 percent more than oil. However, this figure was on a demand metre basis, and should therefore run less here in Summerland where the one cent rate does not carry any demand load requirement.

Mr. McRoberts stressed that operation of an electric space heating unit depends entirely on the user. If the owner uses electric heating for every variation of temperature and does not provide sufficient insulation, storm windows, and other added precautions, then the installation will be quite expensive.

Mr. McRoberts was introduced by Councillor F. E. Atkinson, chairman of the electric light department, and was thanked by A. K. Macleod.

Accompanying Mr. McRoberts from Vancouver for the address was Lorne McBride.

## "Bluebird" Annual Receives Criticism Of Province Judges

Summerland High School's "Bluebird" annual, published last June with Donald J. Blacklock as editor-in-chief, and printed on the presses of The Summerland Review, was entered for comment in the Vancouver Province's yearly annual competition for B.C. high schools.

Although the Bluebird 1952 edition did not win either of the major prizes, some improvement was noted by the critics who judged the yearly efforts of the province's high schools.

Following is the judge's comment:

"The pattern used on the cover of this annual has been copied on the divider pages to give it a certain desirable system and consistency usually maintained by the theme. If a theme could be worked into these pages another year it might give the book more color and life, particularly for the outside. Bluebird might be used as theme. Also it was suggested that a half page be devoted to an explanation of the name of the annual. Why is it called 'Bluebird'? Copy throughout the book is adequate, but future staffs might attempt to develop a little style. Advertisements are well placed, but general layouts seem to be rather a copy of the previous year. There is little originality. One noticeable improvement is the pictures which have reproduced more clearly than they did in 1951."

## Weather Man Smiles on PNW Regatta, Pentiction's Bid for BEG Rowing

**HARRY LUMLEY**, one of the best goal tenders in the business, moves to the Toronto Leafs for the 1952-53 season. The move from the cellar dwelling Chicago Black Hawks to the Leafs was made when Connie Smythe detonated the biggest pre-season swap giving Chicago Gus Mortson, Cal Gardner, Al Rollins and Ray Hannigan.

## Chiefs Upset Dope to Win Junior Title

Kelowna Chiefs, with their backs to the wall, made one of the greatest comebacks in baseball history in the interior this year when they emerged victors in a 13-inning 5-4 struggle on their home grounds last Sunday against Pentiction Canucks and then won the second part of the double-header with a 6-4 victory.

Canucks, who downed Summerland Red Sox and had won the first game handily 8-1 against the Kelowna Chiefs, were not favorites to take the second game and the league title as champions of the South Okanagan junior loop.

But the Chiefs fought back and will now meet the Vancouver Colingwoods for the mythical provincial title. Chiefs were 1951 pennant and league titleholders, but lost out to the coast squad in the provincial finals.

## BERT BERRY'S Hunting and Fishing News

**FISHING**  
Fishing is improving on Okanagan Lake, with fish up to 17 inches being caught. One party reports catching nine in one day. All the upper lakes are still producing good catches. Fish Lake camp reports all upper lakes good. Silver, Glen and Peachland dam report good catches. Shannon Lake is good for perch and bass.

**HUNTING**  
Grouse have been the big item this past week. The birds are around in good numbers but are quite wild now and you have to be quite sharp to get your limit. The country is dry and the greatest numbers are in the wet spots, or close by.

A few deer have been seen so far but no one up to now has connected. Quite a few are coming in farther south around Okanagan Falls and the country west of there. It would appear we will have to wait for cooler weather and snow to get results here in this district.

No reports on big game this week but several parties are planned for the near future.

## Perfect Score by Kelowna Shot

**KELOWNA**—Dan Hill, who is well-known as the Orchard City's leading marksman among interior rifle shots, scored what is believed to be a forty-year record on Sunday, Sept. 14 when he registered a perfect 105 score.

Last possible scored in the Kelowna area in the memory of ardent targetmen was that of J. L. Meugens on the Knox Mountain range in 1912. The year before, Jack Conway, still a resident of Kelowna, made a possible 105, also on Knox Mountain.

Summerland rifle club members declare that, to the best of their knowledge, a possible has never

Pentiction's bid for the British Empire Games rowing events in 1954, staged in the form of the Pacific Northwest Regatta at Skaha Lake on Saturday was given a big boost by the weather man as a cloudless sky and hot sun beat down on the course, with only a slight breeze to ruffle the surface. On hand as commodore was Hon. R. W. Bonner, B.C.'s new attorney-general, and Lt.-Col. "Tommy" Taylor, of the BEG committee, who has been asked to report on the possibilities of Pentiction, Kelowna and Nelson as BEG rowing events' sites.

An estimated 2,000 fans lined the lakeshore to view the events on Saturday, which were under the management of Bill Lemm, who formerly rowed with the James Bay AA in Victoria.

Pentiction's brand new shell was christened The W. I. Lemm. Crews from Pentiction, Kelowna, Nelson, Vancouver, Victoria and Portland were on hand.

Pentiction's novice four of Laurie Peaker, Pete Hatfield, John Duncan and Ted Smith won the novice fours, with Kelowna second and Nelson third.

Junior singles went to Ray Bostock of Kelowna, beating H. W. Theller of Portland and Les Smith of Vancouver in 8:31.

Howard Duncan of Pentiction won the novice singles, Miss Helli Sams of Vancouver placing second.

Ray Bostock of Kelowna also won the senior singles final with a win over W. R. Works of Portland and Jim Byers of Vancouver.

Vancouver's four took the junior fours final, Pentiction being second and Kelowna third.

The junior doubles final went to Kelowna's crew of Weddell and Jones, Vancouver's Sams and Byers being second.

## 24-Day Cock Pheasant Season May be Called

**KELOWNA**—Chances are bright that nimrods will have a longer pheasant season than last year. This came to light at a special meeting of the Interior Fish and Game Association executive with Game Commissioner J. G. Cunningham.

Scientific surveys have shown that there are plenty of cocks in the Okanagan, according to Pat Martin, department biologist for this district. He has recommended an open season from October 18 to November 9 (24 days).

His recommendation was approved unanimously by the association. Limit recommended is two daily and 10 for the season.

Mr. Martin pointed out that there is no use trying to carry too many pheasants during the winter as there is insufficient food and cover against the cold. The pheasants would only die anyhow.

He also suggested there may be a lengthening of the duck season, as well, but this is up to Ottawa.

It is presumed that California quail and European partridge will be opened the same time as pheasants.

Mr. Martin also enkindled hopes there would be more deer and moose allowed. He said biologists have found that moose and deer herds are too large in some districts and, owing to the lack of feed, many will die, particularly does and fawns.

He thought it advisable to have an open season on hornless deer in the over-populated areas.

## COAST HOCKEY CLUBS COME TO VALLEY

Vancouver Canucks have come to Pentiction to open fall training prior to the season opening of the Western International professional hockey loop. New Westminster Royals are training at Kelowna. Both Kelowna Packers and Pentiction V's will benefit from work-out with these two coast teams.

been scored on the Garnet Valley rifle range.

George Dunsdon holds the record for the Summerland range with a score of 104.

# A Statement By WILSON HUNT of HUNT MOTORS LTD.

## Notice of change in Name and Administration.

I wish to advise my many friends and customers that Mr. Warren Rolls has retired from the automobile business, and that I have acquired his full interests in Hunt Motors Ltd., which has been changed to "HUNT MOTORS LTD."

In appreciation of those men who have helped to build this business into what is now one of Pentiction's better known Garages, I have decided to sell a certain number of shares in Hunt Motors Ltd., to Frey Kay, William Roberts and Bob Phinney, each of whom are now Directors of the Company.

Fred Kay needs no introduction, as he has been associated with me for fifteen years, and is very well known to the motoring public; he will continue to be in charge of our Front End Service, and will make it his business to see that you receive satisfactory service.

Bill (Robbie) Roberts continues as our mechanical supervisor. He was overseas for six years during the War, and was in charge of over seven hundred men of the Royal Canadian Mechanical Engineers. He has his B. Sc. in Automotive Engineering, Indiana State College, and I am quite satisfied that Robbie is second to none in his technical Ability.

Bob Phinney will fill the position of Sales Manager; he has sold Automobiles and Trucks in the Okanagan for over fifteen years, during which period he has earned the reputation of being an honest and fair Salesman who lives up to his promises.

I shall continue to fill the position of Manager of Hunt Motors Ltd., and I am somewhat proud of the fact that next year will mark my twenty-fifth year in the Garage business in Pentiction; the records of this Company carry the names of many who have dealt with me for over twenty years, residents of Summerland, Pentiction, Nanaimo, Oliver, etc.

Messrs. Kay, Roberts, Phinney and myself are, naturally, vitally interested in the future prosperity of this business, which will be solely governed by the type of attention given to you, our Customer. I feel safe in saying that you will receive courteous and satisfactory attention from all of us; I personally will stand behind any promise any of them may give you, and I look forward to your continued Patronage in the Future.

YOURS TRULY,

## No Rifle Shooting in Ellison Hall This Fall; Need for Cannery Storage

High school army cadets and others who wished to use the small bore rifle range in Ellison hall basement will not be able to do so until January, at the earliest.

Municipal council on Tuesday agreed to rent this basement as a storage to Cornwall Cannery at \$35 per month. It is likely the storage space will be needed for eight months.

This processing concern will make every effort, however, to clear the centre bay by early January so that rifle shooting can continue there. No decrease in rental figure will be sought regardless of the range being put back into operation, Ryan Lawley, Cornwall manager, informed council.

Decision to rent Ellison hall basement only came after council discussed the situation thoroughly.

Councillor H. R. J. Richards appeared inclined to favor the rifle marksmen, but this brought quick reply by Councillor F. E. Atkinson who defended the canning industry stoutly.

For a time, councillors left the business at hand and listened to a discourse on the value of the canners to the fruit industry generally, as volunteered by Councillor Atkinson.

He felt that the canner is a real friend to the grower and as an al-

## BOY SCOUT ACTIVITIES

## 1st Summerland Troop

First meeting of the new season was held on Tuesday, September 23. Attendance was not too good but there was plenty of enthusiasm.

To take advantage of our last evening before changing to standard time, we started off with two games of "Run-Sheep-Run" up on the hill.

After returning to the hall we had a yarn on smartness and proper wearing of the uniform. An official catalogue will be issued to every Scout at the next meeting. Consideration should be given to replacement of worn or missing items of uniform and also to standardizing on same type of slacks for winter wear.

A review of patrol organization followed and it was decided that some changes would be necessary to balance the patrols. Every Scout who intends to continue membership must attend the next meeting so that reorganization of patrols can be completed.

We were glad to welcome to our troop, Scout Frank Burgess from Manila, Philippine Islands. It will be very interesting to compare notes on Scouting with Frank.

Will every Scout who attended summer camp please check to see that he has his own sleeping bag. One boy brought home the wrong bag and wants to locate his own. Please report any clues to Mr. Munn.

At the last District Scouters meeting held in Penticton, our former Scoutmaster, Dr. D. V. Fisher, received the ten-year service award from District Commissioner, J. D. Southworth. Congratulations Don! And thanks again from all the boys in your old troop, both past and present.

Next meeting, Tuesday, September 30, at 7 p.m. Everybody out in full uniform.

Victoria has authorized an order-in-council to provide amendments to Summerland's electrical bylaw so that extensions can be made to outlying sections of the municipality.

**RADIATOR PROTECTION**

DON'T DELAY!! Your car radiator is more important in cool weather than in summer. Prepare for winter driving by having your radiator flush-cleaned and refilled, and now have installed. Get your car ready for anti-freeze NOW and don't wait for the last-minute rush.

emphasized the same point when he declared: "The economy of this fruit district is more important than providing a rifle shoot for a few boys. Business comes before pleasure."

It was stressed that the Cornwall Cannery is taking more fruit than its quota in order to try and can some of the surplus soft fruits in the district. Without increased storage space, it cannot carry out this program.
